DESERT INTERNATIONAL HORSE PARK | THERMAL, CA

PENDING USEF APPROVAL

QUITE SIMPLY,

we can't wait to get
back to showing at
the horse park.

The desert is beautiful, winter is around the corner, the facility is almost ready, we have a great competition planned...it's time to get going.

As you can imagine, there are a few things to cover as we prepare to launch our season. So here it goes.

1. We continue to invest in the horse park and the service we provide. With perhaps less fanfare than last summer, we continue to invest to improve your – and your horses' – experience at the horse park. We are always surprised by which improvements are most heralded, but collectively we think you'll see meaningful improvements everywhere you look.

A. Footing – We are scheduled to replace the footing in Hunter 5, 6 and 7, including its warm-up area, and in Jumper 2 warm-up. With this completed, the footing in all of the rings in the horse park will have been replaced. Needless to say, maintaining 1.6 million square feet of footing to the highest standard is a challenging task, and we continue to expand the resources and tools needed for this task.

B. Wash racks – We have expanded and upgraded the wash racks near Barn 1 and near Barns 15 and 17. With these completed, all of the wash racks have been upgraded at the horse park.

C. Food offerings – You'll find a host of new food outlets across from Jumper 2. We hope these outlets, which will include salads, a grill, and poke, will provide the right level of hospitality apart from VIP. You'll also see a roving cart offering complimentary refreshments every Friday, Saturday, and Sunday during all major circuits.

D. Parking – We will be offering an expanded shuttle service this season as well as a new reserved parking area behind barn 5. While parking will always be challenging, we hope these additions will continue to improve the options available.

E. Tents/stalls – This year we will complete the transition to clear span tents and 12x12 stalls. All of the stalls now offered will be 12x12 (except for a few supplemental tents located near barns 14/15 and barn 11 that provide stabling overflow capacity for these barns). We are proud that we offer the highest quality stabling of any facility around.

F. Landscaping – This is one challenge that will never end. But we continue to add trees and plants that increase the beauty of the horse park and to do our part for the environment.

G. Scoreboards – We have added permanent scoreboards/video boards in Hunter 1 and 2, Jumper 1, and on the grass field.

H. Grass, grass, and more grass – You'll find the grass keeps getting better. We are really pleased with the condition of the grass competition field. We also invested to improve the grass underneath the paddocks. And thanks to the generosity of one of our sponsors, we have added three acres of new grass for grazing and walking beyond the paddocks next to the schooling ring.

2. We have a very different schedule. At one level, the changes to our schedule are apparent: we have added a third week to Desert Holiday and a ninth week to Desert Circuit, with two off weeks instead of one. At another level, the more you look into the details of the schedule, the more changes you'll see. The reasons for these changes are complex, driven in large part by the USEF's decision to vacate the calendar and the need to build a competition that positions the horse park at the top of the sport. We encourage you to read the details to understand all of the changes that have been made, and we will be working hard to highlight the changes in our communication over the next several months.

Grass, grass, and more grass – You'll find the grass keeps getting better.

We are really pleased with the condition of the grass competition field. Plus three acres of new grass for grazing and walking beyond the paddocks next to the schooling ring.

A. More weeks – The redesign of our circuits started with the USEF’s decision to vacate the calendar for 2023 and to have significant input into the California show calendar. For example, USEF would not support four weeks in a row of competition. Therefore, by definition, the Desert Circuit schedule had to change. Since we could not offer a competitive winter circuit with only six weeks of competition and because the shows would be too big, after much discussion with USEF, we opted to expand to nine weeks with two off-weeks. Starting earlier with nine weeks offers a number of important advantages. It has more weeks operating during cooler months and allows us to run smaller shows as riders opt to spread out which weeks they compete. We are excited about the shift in Desert Circuit, though are aware it will take a few years for people to sort out their preference for when to attend. The addition of the extra week in December brings back a fan favorite. While small, the passion for the third week of Desert Holiday is huge, and allows us to run a boutique show, with most of the jumper program on the grass field. We think more weeks gives more choice, which is good, and allows people to rest their horses without feeling pressure to “miss out” on a competition.

B. An expanded high performance jumper program – Our high-performance jumper program is critical to us. The West Coast needs a robust program which challenges the very best riders while bringing along horses and riders as they approach the top level. Our program this year will consist of three levels: a greatly expanded FEI tier for those riders aspiring to compete globally, a strong national standard \$50,000 Grand Prix program with a series championship during Desert Circuit IX, and a new 1.40m \$30,000 program with a series championship during Desert Circuit IX. We are thrilled with how this program has evolved and we believe it gives the best opportunity for riders and horses to develop at the right pace with the right challenge over the entire winter season.

C. A commitment to Premier hunter – On December 1, the USEF/USHJA hunter classifications change to a three-tier system. At the top level is Premier. The number of Premier shows across the country has been reduced dramatically and each Premier show must offer and pay a minimum of \$75,000 in prize money. You’ll find that this shift has created fundamental changes in our competition schedule, most notably on Sundays when the Amateur Owner 3’3” and 3’6” Classics rise to \$10,000 competitions and the addition of an Amateur Owner 3’0” division with \$5,000 in prize money. With these, and a host of other changes added to the existing core elements in our Hunter program, such as our expansive USHJA National and International Derby series, we think we now have a hunter program that rivals any in the country. With 12 weeks of Premier Hunter shows, we think we stand alone in our commitment to hunter excellence.

D. More championships – We have expanded the number of formal championship events that occur at the horse park. These events include the Major League Show Jumping events, which now boasts a CSI 5* AA Grand Prix during DH II, the Onondarka Medal Finals during NSS II and the second \$100,000 WCHR West Coast Hunter Spectacular during NSS I (postponed from March). These are in addition to the existing events that we continue to invest in to make more special, including the CPHA Style of Riding Finals, the NCEA Medal Finals – West, our USHJA International Hunter Derby program, and the three weeks of WCHR we host.

E. An elevation of specialty classes - We believe that our specialty class program has been critical to creating a distinctive schedule and adding exciting new challenges for riders. This year we have elevated a number of these classes with the \$25,000 Pro Eq Challenge, the \$10,000 Hunter Team Challenge, the new 1.40m and National Standard Grand Prix series rider bonuses, and the addition of a 4-year-old young jumper class to add to our already strong young jumper and young hunter program.

3. Yes, we'll have a very different set of biosecurity plans in place. Over the last several months, we have been working closely with USEF, UC Davis, and the CDFA. We, like you, don't want to ever have an outbreak of EHV-1 again. And the odds are we won't. But it is not that simple, and hope is not a strategy. The objectives are clear; we need to prevent sick horses from coming to horse shows, we need to prevent horses from getting sick at a horse show, we need to find horses that do get sick at a horse show, and we need to isolate and treat horses that do get sick. In conjunction with USEF and the other major winter circuits, we will be implementing new biosecurity plans. Collectively, we believe this is the best starting path, though we are all still learning, and we will adapt as we go. These plans include:

A. New requirements for arrival - In advance of horses arriving at the horse park, owners/trainers will need to submit documentation that includes a health certificate as well as declarations on the health and status of each horse. These will be explained in more detail as we approach the start of the season but will be verified as horses arrive, prior to moving into stalls.

B. Monitoring procedures for horses on the property - We will be requiring temperature checks for horses on the property and owners/trainers will be required to report febrile horses. These horses will be tested and kept separate until confirmation of test results.

C. What to do if a horse gets sick - Rapid isolation and aggressive treatment are instrumental to preventing additional exposure and reducing the risk of EHM.

We believe that our specialty class program has been critical to creating a distinctive schedule and adding exciting new challenges for riders.

4. We will do our part, but need your help. We are a powerful community when we work together.

We operate a small city from November to March. And the safety of our community, both people and horses, depends on each other. We fully accept our responsibility and our role in making the horse park great and safe. But we need everyone to pitch in. Whether it is biosecurity, safe driving, protecting our youth, having our dogs on a leash, or quiet time in the barns at night, we can't - and don't want to - be a police force. We share a passion for our sport and that has to extend to each other. Please help us make the horse park an amazing and safe place to be.

At the outset, our objective was simple: create a great horse park.

5. Our aspiration is the same. At the outset, when we purchased the horse park, our objective was simple: create a great horse park. We described that there were three components; the physical facility, the hospitality, and the competition. While we will continually improve the physical facility, more of the changes from now on will be incremental. In short, the big stuff has been done. It is a huge task to keep it maintained and fresh, which we will do. And we learn each year the small things that need to be done. But the basics of our physical facility will be the same for the future. Our hospitality, and how our guests feel while here, is an area of focus for us now. It has many elements, from our food offerings to how we handle parking. We have a lot to improve here, and we are focused on it every single day. We certainly appreciate your input. This year, as described above, we are making a significant investment in the competition program. This investment involves as much money over time as the investment in the physical facility. There are lots of details involved in the three components. But it can be best described this way: we believe the West Coast needs a national/international destination for riders of all levels. We believe that Desert International Horse Park can be that destination that provides people on the West Coast the same opportunity to ride and compete that exists on the East Coast. Over time, we believe people from all over will want to compete here, even if just for a few weeks. There is nothing that makes us prouder than seeing the best riders in the world ride in a CSI5* event here, except perhaps seeing a seven-year-old on his/her pony collecting a first blue ribbon.

See you soon in the desert,

A handwritten signature in cursive script that reads "Steve".

EQUINE HEALTH AND BIOSECURITY REQUIREMENTS

DIHP will detail new Biosecurity Protocols and Practices by October 1. These new protocols and practices have been developed in consultation with UC Davis, CDFA, Merck Animal Health, and the USEF EHV-1 Committee. The new protocols and practices will require additional documentation regarding the health of horses arriving at the DIHP. These include the following below:"

1) PROOF OF VACCINATION AND COMPLIANCE WITH GR844

Required

Via a signed statement from the attending veterinarian that the horse has been vaccinated against the following:

Within 6 months (180 days) of each show: Equine Influenza (EIV)

Within 6 months (180 days) of each show: Rhinopneumonitis (EHV 1 and EHV 4)

If a vaccination will expire during one of the shows, the horse must receive its new vaccination prior to being issued a competition number for that show. Statement of vaccination must be on Official Letterhead and must contain the Show Name of each horse.

If the vaccine has been administered by a person other than a veterinarian, the exhibitor must provide, upon request, a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; the name, serial number, and expiration date of the vaccine; and the date of the vaccine administration.

2) INTERSTATE OR INTRASTATE HEALTH CERTIFICATE (CVI)

Required

These document must be submitted prior to the arrival of the horse to the showgrounds. The CVI must indicate the horse's registered (show) name, and be signed by an accredited USDA veterinarian within 7 days of arrival.

3) USEF DECLARATION OF HEALTH

Required

Via a signed statement by owner/trainer for each horse declaring that:

- a) Horse has not had a fever above 101.5 or (101.1) if the horse is taking NSAIDs or any other fever suppressing treatment drug during the last 72 hours.
- b) Horse has not been exposed to or treated for a fever of unknown origin within the last 28 days
- c) Horse has received a negative EHV-1 test within the last 30 days if it had previously tested positive during the past 6 months

Additional protocols will be released shortly. Visit deserthorsepark.com for the most up-to-date requirements.

 - 1. Upon enrollment in the Derby Program, horses' earnings, from date of enrollment forward through June 1, 2022, will be included on the USHJA International Hunter Derby Money Won list and count toward Regional Awards. Horses must be enrolled in the program before competing in a Derby, if they wish the money won in that Derby to count toward standings, regardless of the start date of the competition.
 - 2. Money (and points) won by horses not enrolled in the Derby Program will not be included on the USHJA International Hunter Derby Money Won list or Regional Award Standings.
 - 3. Owners must declare their horse's region upon enrollment of the horse and the region may not be changed during the Derby Series year.

- B. A horse must be officially entered in the class before it will be allowed to jog.
- C. Proper attire is required (i.e., riding clothes or proper attire which an exhibitor would wear to compete in a model class).
- D. All horses must be presented at the Official Jog with their actual competition number and wearing a conventional hunter bridle, including noseband.
- E. The judging panel for the Official Jog shall consist of the

competition veterinarian and a minimum of one judge from the judging panels officiating for the class.

- A. The order of go must be posted a minimum of one hour prior to the start of the class.
- B. In the case of multiple horses being ridden by the same rider, every effort will be made so that there will be a minimum of eight horses (if available) separating multiple rides. All horses must be ridden in the sequence that appears on the jumping order in the first round of the competition. In the second round horses will return in reverse order of their first round scores (lowest to highest). When multiple rides occur, competition management will determine a fair separation between horses for the order of go. Should a jump-off occur, horses will return in the same order in which they competed in the second round.
- C. The draw may be performed by hand or competition management may host a computer draw.

VII. JUDGING SYSTEM

- A. The Classic Hunter Style Round shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. In addition to this base score, each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped. These two scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse-and-rider combination for this round.
- B. The Handy Hunter Round shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped and each judging panel must award a Handy Bonus Score consisting of between zero and 10 bonus points to each

horse-and-rider combination for handiness of round. These three scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse- and-rider combination for this round.

1. Suggested Handy Bonus Points

- a. 0-3 Points: No increase in pace, few if any inside options taken, lack of brilliance
- b. 4-6 Points: Minimal increase in pace, some inside options taken, medium brilliance
- c. 7-9 Points: Major increase in pace, multiple inside options taken, strong effort and brilliance
- d. 10 Points: Maximum handiness to include major increase in pace, multiple inside options taken, strong effort and brilliance

- C. The Jump-Off Round, if required, shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score, each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped and each judging panel must award a Handy Bonus Score consisting of between zero and 10 bonus points to each horse-and-rider combination for handiness of round. These three scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse- and-rider combination for this round.
- D. The total scores of each horse-and-rider combination from each round will be added together to determine their final overall Hunter Derby score. This score will determine the final overall standings for the class.
- E. The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence.
- F. Alternatively, the Hunt and Go option (Formula B) may be utilized in lieu of the traditional format (Formula A). The Hunt and Go format will consist of two phases, one Classic Hunter and one Handy Hunter. The phases will be jumped consecutively. All participants will complete both the Classic and the Handy portions even if penalties (rails, refusals, etc.) are incurred. Major penalties (falls, 3 refusals, off course, etc.) will result in elimination.
 - 1. Standard Hunt and Go Format
 - a. The Classic Hunter Round, consisting of 7-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going.
 - b. After the completion of the classic round horses will pick up their pace and pass through a set of markers to begin their handy portion of the class. The Handy Hunter Round, consisting of 5-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.
 - c. Two scores will be given by each judging panel, with

one score for the Classic Round and one score for the Handy Round. Bonus points of one point per high option jump will be added to each judging panel's score. The scores from each panel will be added together to determine the total score and placement. Prior to the start of the class one judging panel must be designated as the tie breaker.

- d. A judging assistant must be present during all phases of the competition. The duties of the judging assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The judging assistant is not required to be a licensed official and is not responsible for the scoring of the judging panels. A competition staff member may fill this role.
- e. The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse- and-rider combination does jump the higher height option fence.

VIII. TIE BREAKING PROCEDURES

- A. Neither judging panel may award the same base score to any two competitors in any one round unless a competitor's score is below the cut-off score.
- B. In all formats (including Hunt and Go) Panel 1 breaks the ties for the Classic round/phase, Panel 2 breaks the tie for the Handy round/phase and Panel 1 breaks ties in the overall.
- C. Unless the prize list states that more than twelve (12) entries are to return for the second round, only the top twelve (12) horses from the first round, after all ties are broken, are eligible to return for the second round.

off from being held, the tie will be broken using the second round base score (before adding height and handy bonus points), of the designated jump-off tie breaking judging panel.

- E. Ties for other than first place in the overall standings will be broken using the second round score

DESERT INTERNATIONAL HORSE PARK

USHJA GREEN HUNTER INCENTIVE PROGRAM 2022 STAKE CLASS

*Effective for competitions starting December 1, 2021 November 30, 2022

I. Membership and Participation Requirements

- A.** Open to horses of any age that are eligible to compete as a Green 3'0", 3'3", 3'6" or 3'9" Hunter under Federation rules. It is the exhibitor's responsibility to verify eligibility of the horse.
- B.** Riders, owners, and trainers must be current Active members of USEF and USHJA to participate in this class. (see GR202).
- C.** Horses must be enrolled in the USHJA Green Hunter Incentive Program and pay the annual enrollment fee to participate in the Green Incentive Stake. Additionally, horses must be registered with USHJA and recorded with USEF to participate. Horses must be enrolled in the Green Hunter Incentive Program prior to competing in a Green Hunter Incentive Stake class. Only horses appearing on the enrolled list located at www.ushja.org are eligible to compete in a Green Hunter Incentive Stake class. It is the exhibitor's responsibility to enroll their horse in a timely manner in order to be eligible to participate.
- D.** Horses may only be enrolled online. If a horse is enrolled during a competition, the horse's enrollment date will be considered the first day of the competition at which it was enrolled.
- E.** Slots: Owners may purchase a slot in the program at the current rate and name a horse to that slot at a later date. Only results achieved by the horse after it is assigned to the slot will count in program standings and qualifying for championships. Slots expire at the end of the competition year the same as the regular enrollment. They are non-transferrable; they cannot be sold to another owner and a horse cannot be substituted for one already assigned. Any slots that are unused will stay dedicated to the current year's purse and will not roll over.
- F.** Enrolled horses are not required to have competed in a Green Hunter section at any USEF Licensed Competition to compete in a Stake class. However, competing in a Stake class will affect their Green status.
- G.** Horses are not required to jog for soundness.
- H.** Horses may be ridden by a Professional, Junior or Amateur.
- I.** There is no limit to the number of horses a rider may compete in the class.

II. Judging Format

- A.** The Green Hunter Incentive Stake class shall be judged on quality, movement, jumping style, manners and way of going, using the open numerical scoring system.
- B.** A score will be announced after each round.
- C.** If the Incentive is run concurrently with another class, judges will compare incentive horses against the other incentive horses, not against the green hunter entries.
- D.** If the number of entries warrant splitting the class, it is recommended to split it by fence height first rather than California split.
- E.** The class will be judged by a minimum of one Registered (Large R) USEF Hunter Licensed judge at Premier and National rated competitions and competitions that have been approved for a Special Competition status, and a minimum of one Registered (Large R) or Recorded (Small R) USEF Hunter Licensed judge at Regional I and Regional II rated competitions.

III. Prize Money and Entry Fee

- A.** Prize money must be paid to a minimum of 12 places as follows:

1st-30%	7th-4%
2nd-22%	8th-3%
3rd-13%	9th-3%
4th-8%	10th-2%
5th-6%	11th-2%
6th-5%	12th-2%

- B.** If there are fewer than 12 entries in the class, prize money must be paid according to the breakdown in Section III.A, through the last placing entry. Any remaining prize money not awarded due to fewer than 12 entries may be split and awarded equally to all entrants that place in the class.
- C.** Each USHJA Green Hunter Incentive Stake class section, i.e. 3'/3'3, and 3'6/3'9, is to offer \$1,000.00 minimum prize money at Premier or National rated shows, however, if there are fewer than four horses in each section, the sections may be combined for a total \$1,000.00 prize money minimum. If there are more than four in one section and fewer than four in another section, the sections may be combined with a total of \$1500.00 minimum prize money. Regional shows must offer \$500 each or \$750 if combined.
 - 1.** Competitions wishing to offer additional prize money above the minimum required (including any add-back money if applicable) and pay additional placings must print the information in the prize list and notify the USHJA of the final prize money distribution. If a change in prize money and placings occurs after the prize list is printed, the competition must follow all USEF rules regarding changes to the prize list (See GR904). The prize money awarded to each placing below 12th place must not exceed the amount awarded to 12th place.
- D.** 50% of each entry fee received, excluding the USHJA per entry fee, must be added to the total amount of prize money offered for this class.
- E.** Rider Ranking System– Show managers may award additional prize money above the required prize money amounts, at their discretion to the highest-placing Tier II riders (list available on the USHJA website as of Dec.). Tier II money must not exceed the money awarded for the rest of the class. Show managers may secure Tier II money through a non-allocated additional percentage of entry fees or through sponsorships.
- F.** It is suggested that a competition should not charge an entry fee exceeding 10% of the prize money offered in the class.

IV. HOTY Points

National Horse of the Year points/money are awarded to each horse's respective Green Hunter height section. Horses will be awarded both HOTY points and the value of their money won for their green hunter section, toward the appropriate HOTY and money won standings.

- A.** The USHJA Green Hunter Incentive classes will count toward National and Zone HOTY points or money won awards. *Points may not be credited toward the HOTY awards for the Green Conformation Hunter 3'6" or the High Performance Conformation Hunter.

DIHP x URYADI'S VILLAGE

Desert Holiday Week II

Desert International Horse Park is excited to use its platform to raise money for important causes. We are very proud to announce a new partner in Uryadi's Village, which joins the Kevin Babington Foundation and Manes for Movement as a cause we will highlight and raise money for during this upcoming season. Our fundraising efforts for Uryadi's Village will take place during Desert Holiday II, featuring the first of two \$450,000 CSI 5* Grand Prix and the final week of the Major League Show Jumping tour for 2022. Stay tuned for additional details on how everyone in our equestrian community can help such an important cause.

Uryadi's Village, an orphanage in Ethiopia founded by grand prix rider Jennifer Fill-Crooks, has helped numerous orphans and families since its inception in 2014. We are incredibly thankful for the efforts of Jennifer, who is making such a difference in so many lives and we are proud to work with her to support the success of Uryadi's Village.

About Uryadi's Village:

At Uryadi's Village, our mission is to provide a model nurturing family-style, permaculture-based orphan village with comprehensive care for the orphans we serve. Wolaita Village is intended to serve as a model that can be adapted to empower and transform orphan care systems. The ultimate vision is to help ensure that each target orphanage and their communities have access to clean water and sanitation, sustainable agriculture, excellent medical care, quality educational opportunities and economic stability.

Uryadi's Village is dedicated to uplifting communities for children. The current environment of institutionalized orphan care and foreign aid needs to be addressed. It is our mission to care for, love, and listen to each and every child, while creating a replicable model for empowerment that encourages local engagement.
