Main Requirements:

There are three main requirements you must fulfil for each horse:

- 1.) Take two daily temperature readings for every horse that will be presented at an FEI Event for the three days leading up to the day of arrival and enter these recordings in the FEI HorseApp. **For clarification**, the three days prior to your arrival at the FEI Event are calculated as per this example: if you plan to arrive at the event on Thursday, you will have to enter the temperatures for the three preceding days, which are Monday, Tuesday and Wednesday. To avoid violating the Horse Health Requirements, temperatures should be entered on a regular/daily basis.
- 2.) Fill in a Horse Health FEI Self-Certification form for all horses attending the FEI Event. To be filled out and submitted via the FEI HorseApp the day before or the day of arrival at an FEI Event.
- 3.) Take the temperature of each horse twice a day at the FEI Event using your own thermometer and record the measurements directly into the FEI HorseApp.

Access to the FEI HorseApp is also available for your Grooms and Support Personnel, so they can also enter the daily temperature recordings of your horses. They can connect to the FEI HorseApp with their FEI ID number. If they do not yet have a FEI ID number, they can create one. Non-compliance with the FEI Veterinary Regulations and Horse Health Requirements will result in sanctions. These sanctions are already in force for Horses competing at FEI Events in Mainland Europe and will be introduced worldwide in due course.

Support & Guidelines:

All information regarding the FEI HorseApp can be found on the FEI website. You will need to log into the FEI HorseApp with your FEI ID number and password. Guidelines on how to use the FEI HorseApp to fulfil out the Horse Health Requirements can be found on the FEI website, along with a specific section for Athletes and Grooms. If you have any questions or require any assistance, please don't hesitate to contact the FEI by email at usersupport@fei.org.

MICROCHIP REQUIREMENT: GR1011.10: Effective **December 1, 2025**, all horses competing at USEF Federation Licensed and Endorsed competitions must provide a microchip number that verifies the animal. A microchip used to verify the identity must be a fifteen-digit ISO compliant 11784/11785 chip and implanted in the nuchal ligament of the animal. Microchips must be implanted 12 hours prior to the horse competing or once the horse is done competing in accordance with GR414.

USEF MICROCHIPPING RULE

EFFECTIVE 12/1/2025

GR 1101.10, all horses competing in USEF-licensed or -endorsed competitions must be microchipped with a 15-digit ISO compliant 11784/11785 chip.

Rule Overview

As a reminder, this rule will require **all** horses to have a microchip to be eligible to compete at a USEF licensed competition, including dressage competitions. This microchip number must be on file with USEF and, once recorded, will remain with the horse's record. Microchip numbers do not need to be collected by the competition. It is the participant's responsibility to report the microchip to USEF, but we will ask competitions to verify that a chip number is on file before accepting the entry.

Reporting Tool

USEF has an online [microchip reporting tool](#) which can be used to report a microchip for a horse by anyone (i.e. owner, trainer, barn manager, secretary). Once reported, the microchip will be instantly added to the horse's account and the records will update to show the horse is compliant.

Microchip Resources

USEF has developed a [microchip resource webpage](#) which has many useful resources, including:

- [Frequently Asked Questions](#)
- [Microchip 101](#)
- [Microchip Mythbusters](#)

How to Report a Microchip if you as owner are a USEF member of any kind

Go to your [USEF Member Dashboard](#) to report a microchip for your horse.

- **New** horses/ponies - Submit a New Horse Recording Application.
- **Recorded** horses/ponies - Use the [Horse Microchip Update](#) page to update your horse. To update the microchip of a horse not listed, please use the [Update Microchips Search](#).

For current Non-Members -

For Owners of a horse entered in Opportunity or USDF Introductory classes (A, B, C) these horses are no longer exempt from the USEF Horse Registration requirement. **All horses** must have, at minimum, a USEF horse ID. Please see steps below to follow if you are in this category.

Owners will be able to get a free fan account which can remain inactive, then they will apply for a horse ID which is also free. They can follow these steps:

- To complete a new horse recording/horse ID, log into your account at www.usef.org. Navigate to your dashboard, found by hovering over "Account" in the top right corner of the page, and select "My USEF Dashboard." Once you are on your dashboard, scroll halfway down the page until you see a section titled "Horse Options." Select the tile "Create New Horse" with the '+' symbol on it. The first question asks if this application is related to a show; select yes or no. Then you will begin the application process. Once you have submitted the application, it will move to your online shopping cart which will be accessible from the "Account" menu, this time with a red dot indicating you've moved the application to your cart. Once you check out the recording/horse ID from your cart, the application will be submitted to our office for processing.

When creating the USEF Horse ID it will allow the owners to input the microchip number and should be good to go! The fan account is sufficient to obtain an ID and they will not need to upgrade to competing unless the horse is competing in a section that is not member exempt.

Click [here](#) to access the online **document submission** platform.

- f) **Horses leaving the property and returning must complete updated arrival submissions and declarations of health statements for re-entry as follows:**
 - i) Horses leaving and returning within five (5) days of leaving DIHP may return with updated declarations and/or vaccination records, assuming the vaccinations are valid through the circuit. An additional inspection of the horse may occur upon entry.

Additionally, an updated declaration of health for all horses must be completed on a weekly basis. Horses may be inspected daily. All daily haul-in horses are required to have a temporary stall on site. Haul-in horses are no longer allowed to be left alone in our parking lots or remain on trailers during their stay at DIHP.**

If documentation is missing or unavailable, DIHP reserves the right to refuse entry to the Horse Park or to require the horses to proceed to a designated area until the completed documentation is submitted -- up to a maximum of 24 hours. After 24 hours, any horses not meeting documentation requirements must leave the Horse Park.

PART II: Requirements for Monitoring Horses at the Horse Park

2. Monitoring Your Horses While at the Horse Park

a. INITIAL MONITORING REQUESTED DURING ARRIVAL AT THE HORSE SHOW

- i. Temperature checks for horses will **not** be conducted upon arrival at the front gate of the Horse Park. Additionally, 3-day temperature logs are not required to be presented at the front gate. However, in the event of an elevated disease risk, management may require temperature checks upon entry and the maintenance of temperature logs.
- ii. **Once a horse is settled in, a first temperature check should occur before leaving the stall for initial work. This initial check should occur within 3 to 6 hours of arrival.**
- iii. **If an initial temperature check reveals a fever (defined as 101.5°F if the horse is not on an NSAID or 101.1°F if the horse is on an NSAID or other temperature-suppressing medication), then DHIP should be notified, and the horse should remain in the stall until the show veterinarian or the biosecurity officer takes a subsequent temperature.**
- iv. **The show vet and biosecurity officer must be informed of the initial elevated temperature by a USEF mandatory fever reporting rule effective December 1, 2024. Non-compliance would be a violation of this USEF rule.**
 - 1. **DIHP reserves the right to isolate and/or test any horse with a fever and/or clinical signs for EHV-1 or any other infectious diseases at the owner's expense. Individuals who fail to isolate and or test when requested may be required to leave the event grounds.**
 - 2. **DIHP may require a test for EHV-1 after the first or second temperature check based on the clinical presentation and epidemiologic risk assessment.**

b. DAILY MONITORING OF HORSES DURING THE HORSE SHOW

- i. Twice daily temperature checks, morning and evening, are requested during the horse's stay at the horse park.
- ii. Trainers/owners are required by the USEF mandatory reporting rule to notify the show vet and the show office of a horse with an elevated temperature per a new mandatory USEF rule (defined as 101.5°F if the horse is not on an NSAID, or 101.0°F if the horse is on an NSAID or other temperature-suppressing medication). If a horse has an elevated temperature, it must stay in its assigned stall. If the horse has no other clinical signs, it may be allowed to remain in its stall, and a temperature will be taken 4-6 hours later. If the horse remains febrile (exhibiting an elevated temperature as described above) or shows signs of infectious disease, the show veterinarian or biosecurity officer must be notified immediately.
- iii. DIHP reserves the right to require isolation, within a timely manner (less than 2 hrs), and to require testing of any horse with a fever and/or clinical signs for EHV-1 and other infectious diseases.
 1. At any time, if the DIHP show veterinarian, the biosecurity veterinarian, and/or competition management deems that a febrile horse may pose an infectious disease risk, the horse shall be moved to isolation to protect the health of the horse and the general health of the equine population on the competition grounds.
- iv. If the trainer and/or owner refuses to send the horse to DIHP isolation, the horse and its cohorts may be asked to leave the competition grounds immediately by DIHP management. Failure to abide by these rules will be cause for referral to USEF for enforcement.
- v. Horses in isolation will be released from isolation based on a collective decision of the DIHP show management, the biosecurity veterinarian, the East-West Veterinary Group, and USEF. Decisions will be based on the horses' diagnostic test results, the absence of abnormal clinical signs, and epidemiologic risk assessment.
- vi. During the next seven (7) days, the show vet or horse show biosecurity officer will oversee the temperature check of all horses in the trainer's cohort to ensure no additional fevers develop. If additional horses are febrile or displaying clinical signs of infectious disease, these horses may be required to report to the isolation area or may request permission to leave the premises for isolation.

PART III: Desert International Horse Park Biosecurity Practices

3. Biosecurity Practices During the Horse Show

a. Overall Biosecurity Practices

- i. A nighttime curfew will be in place each evening at 9:00 p.m. Noise must be kept to a minimum in the barn/tent area, and unnecessary lights will be turned off.
- ii. The Horse Park will maintain hand sanitizing stations at each barn/tent entry and ringside. All individuals working with horses are encouraged to clean their hands as frequently as possible.

- iii. To the best extent possible, tack, rider clothing, horse tools/rags, etc., should be dedicated to a unique horse and not shared across horses.
 - iv. Grooms, riders, and trainers should maintain a safe distance between horses throughout the property and avoid sharing items such as rags and buckets between horses.
 - v. The Horse Park will regularly clean and disinfect common areas, including wash racks, shade structures, and hoses.
 - vi. Signage will be located throughout the Horse Park detailing best practices and required protocols.
 - vii. DIHP will also perform vector control throughout the barns, tents, and other populated areas.
- b. Biosecurity Practices Across Trainer Cohorts**
- i. Access to each barn/tent should be limited to individuals with horses in the respective barn/tent.
 - ii. Grooms, trainers, and riders should take every precaution to avoid contamination across trainer groups. This includes not sharing any tack, cleaning material, brushes, etc., even when it's the "nice" thing to do.
 - iii. When crossing trainer groups, grooms/trainers/riders are encouraged to change clothes and practice basic cleaning procedures, such as washing and/or disinfecting their hands, boots, and other equipment.
- c. Biosecurity Practices at the Ring and/or Other Common Areas**
- i. Grooms/riders/trainers should keep space between horses.
 - ii. Extreme caution should be taken by those handling/riding horses to avoid contamination between horses. Tack should not be shared across horses. Riders transitioning from one horse to another should wash their hands with soap and water or use a disinfectant. Materials used to care for horses, e.g., towels or rags for wiping noses, should not be shared between horses.
 - iii. Cleaning/sanitizing stations will be located throughout the competition area for grooms/trainers/riders to use.
- d. Biosecurity Practices for Third-Party Providers (including vets, grooms, farriers, braiders, night check, equine spa service, horse exerciser, etc.)**
- i. All third-party providers operating within the Horse Park are required to disinfect their tools and work areas before moving between barns, tents, and trainer groups.
 - ii. Braiders, vets, farriers, and night checkers are required to clean and disinfect their hands, clothing, and shoes between horses.
 - iii. Night check is requested to disinfect their shoes between barns/tents and use PPE if working with an individual horse.
 - iv. Equine spa service vendors must sanitize spas after each usage, have separate handling equipment for each horse, and require spa employees to sanitize their hands, clothing, and shoes between horses.
 - v. The IDA horse walker will be available for use by trainers/horses on the property. Only horses from the same barn may use the horse walker at the same time. IDA is required to disinfect the horse walker when subsequent horses are from a different barn..
 - vi. All third-party providers shall maintain a list of horses worked on, which must be provided to management or state officials upon request in the event of an infectious disease incursion.

- e. **Biosecurity Practices at Vet and Farrier Stations**
 - i. Cleaning stations will be set up at the vet clinic and the farrier station.
 - ii. Vets and farriers are required to clean and disinfect (including shoes) between horses.
 - iii. The Horse Park will regularly clean and disinfect the vet clinic and farrier station using a long-term disinfectant.
- f. **Rules for FEI**
 - i. Standard [FEI protocols](#) for FEI competing horses must be followed, in addition to adherence to DIHP protocols.

PART IV: Procedures in the Event of a Positive EHV-1/EHM Horse(s)

4. What Happens If a Horse Tests Positive for EHV-1?

- a. **If a febrile horse tests positive for EHV-1 on a rapid test, it will be immediately moved to an isolation barn within 2 hours or less. A confirmatory PCR test will be conducted, and the horse will remain in isolation while awaiting these results. Additional testing for EHV-1 and a detailed treatment plan will be provided based on a collective decision of DIHP management, the biosecurity veterinarian, USEF, and the East-West Veterinary Group.**
 - i. **No horse in isolation will be permitted to compete. An exercise plan for an isolated horse will be set forth by the show veterinarian and/or biosecurity veterinarian.**
- b. **At a minimum, an EHV-1-positive horse must remain in isolation until it has been afebrile for 72 hours without any antipyretic medications and has had two validated/confirmed negative tests for EHV-1.**
 - i. **If the horse becomes febrile again, it will remain isolated until it has reached the 72-hour afebrile rule and the two validated/confirmed test rule has been satisfied.**
 - ii. **Once this has occurred, the horse will be returned to its stall and is free to resume exercise and competition at the discretion of the horse owner/trainer/veterinarian.**
- c. **The trainer/owner of a horse testing positive for EHV-1 may elect to have the horse undergo isolation at home, subject to adherence to recommended guidelines from the show veterinarian and the biosecurity officer.**
- d. **Horses testing positive for EHV-1 may be encouraged to begin antiviral treatment and zinc/lysine supplementation to reduce their risk of developing EHM based on discussions with the biosecurity officer and the East-West Veterinary group.**
- e. Additional biosecurity protocols will be implemented for the cohort (barn/tent) of the EHV-1 positive horse. Twice-daily temperature logs will be monitored by the show veterinarian and/or the show biosecurity officer for a period of seven (7) days. Access to the cohort (barn/tent) may be limited and enforced by the Horse Park. Foot baths and additional stall disinfectant applications may be used at the discretion of the Horse Park. These precautions may remain in place for up to seven (7) days, assuming no additional febrile horses are identified.

- f. Asymptomatic horses within the cohort will be free to exercise and compete during this period as long as their temperatures remain less than 101°F before they leave their stalls. Based on epidemiologic risk assessment, additional restrictions and testing may be required for the cohort population.
- g. Should additional horses from the cohort become febrile, they will be tested for EHV-1 at their stalls, and a Fluxergy rapid test will be performed. If the horses test negative, those with an elevated temperature may be required to report to isolation, based on a collective decision by DIHP management, the biosecurity officer, USEF, and the East-West Veterinary Group.
- h. Should a second horse in a cohort test positive for EHV-1, the entire cohort will be under Horse Park quarantine for seven (days) after the positive horses have cleared isolation and no other horses in the cohort are febrile or are showing clinical signs. All horses in the cohort will be required to stay in their stalls and adhere to a restricted exercise plan.
 - i. Positive horses will be relocated to a designated isolation area on a case-by-case basis.
 - ii. Horses will be monitored until no additional fevers have been identified and all positive EHV-1 horses from that cohort have been cleared. During this time, the Horse Park will conduct additional monitoring of the barn/tent.
- i. The Horse Park's quarantine isolation procedures include fencing around the barn/tent, security personnel, and limited access.
- j. Exercise arrangements for horses in isolation or exposed barns may be limited and will be made at the discretion of the Horse Park. Horse health and welfare will be the priority in managing the isolated and exposed horses.

5. What Happens if We Have a Case of EHM?

- a. If a febrile horse (or one positive for EHV-1) exhibits additional clinical signs consistent with EHM, the horse will be immediately moved to an isolation tent, and the USEF and CDFA will be notified. The horse will undergo a rapid EHV-1 test. Should the horse test negative, it will remain in isolation until a confirmatory PCR test is performed 48 hours later by the CDFA lab.
- b. During this time, the show barn/tent will be placed under precautionary biosecurity protocols, including foot baths, vet-monitored temperature checks, and further limited access.
- c. If the neurologic horse tests positive for EHV-1, the CDFA will assume responsibility for quarantine and other protocols until the Horse Park is officially released from state quarantine and restrictions..

6. What Happens if a Horse Shows Signs of Vesicular Stomatitis (VS) or Screwworm Disease?

- a. Screwworm and Vesicular Stomatitis are regulatory diseases and, as such, have required protocols designated by state and federal animal health officials.
- b. The affected horse will be immediately moved to our isolation area, and all cohorts will be examined for similar lesions. The CDFA and USEF will be notified, and the affected horse will be tested for VSV or treated for screwworm infestation. All further actions taken by DIHP will be determined upon consultation with the CDFA and USEF.

Part V: Working Together to Keep Horses Safe to Keep Horses Safe

7. DIHP – Our Part

- a. The DIHP has hired a biosecurity officer who is a licensed veterinarian. Importantly, our biosecurity officer is not on the grounds to treat horses. The show vet, East-West Equine Sports Medicine, is responsible, along with your vet, for treating your horses. The biosecurity officer will guide the implementation of protocols, obtain feedback, and assist when needed, ensuring that all involved, from Horse Park staff to participants, adhere to the necessary daily measures to maintain the health and well-being of all horses on Horse Park grounds.
- b. We will ensure the Horse Park is regularly cleaned and sanitized, especially in high-traffic areas. Whenever the occupant of a stall changes, we will repeat the disinfecting process. You can be assured they are as clean as we can make them. Please let us know if you find something that is not clean or if you have concerns.
- c. We will implement rigorous vector management controls to mitigate the risks posed by flies, gnats, and other pests.
- d. We will ensure we are prepared if a horse contracts EHV-1. We have learned a great deal about best practices for treating horses and are confident that our veterinary partners at East-West Sports Medicine are well-trained and prepared. We'll support them and ensure that all the supplies and medicine needed are on the grounds for immediate use.
- e. DIHP will report all horses entering isolation to the USEF as required. All EHV-1 positive cases will be reported to USEF, and all instances of EHM will be reported to both USEF and CDFA.
- f. DIHP will ONLY provide general press releases regarding EHV-1/infectious diseases onsite if:
 1. There is evidence of disease agent spread to one or more trainer cohorts on the venue grounds. A single isolated case of an infectious disease will not generate a press release.
 2. A partial/entire show barn has been quarantined for a contagious disease.
 3. Epidemiologic investigation deems a high risk of disease transmission onsite or a high risk of disease incursion due to the presence of the disease agent in the geographic area.
- g. Any decision to limit, postpone, or cancel a competition, as well as subsequent decisions to resume competition, will be made in consultation with the USEF and CDFA.

8. Participants – Your Part

- a. If you suspect a horse with an elevated temperature may be sick, **do not** bring it to the Horse Park until things are resolved. If your horse becomes ill at the Horse Park, please immediately notify the show veterinarian, biosecurity officer, and competition management, as required by USEF. The single most important thing that can be done is to isolate sick horses as soon as possible and provide them with appropriate care. It is good for the horse and good for all the other horses as well. The Horse Park staff are here to assist you.
- b. While at the Horse Park, practice common sense and good hygiene protocols, as well as follow DIHP biosecurity protocols, which are in place to ensure the health and welfare of all horses on the premises.

DESERT INTERNATIONAL HORSE PARK

EQUINE HEALTH AND BIOSECURITY REQUIREMENTS

Up-to-date DIHP Biosecurity Protocols and Practices are available online at deserthorsepark.com. These new protocols and practices have been developed in consultation with UC Davis, CDFA, and US Equestrian. The new protocols and practices will require additional documentation regarding the health of horses arriving at the DIHP. These include the following below:

1) PROOF OF VACCINATION AND COMPLIANCE WITH GR844

Required

Via a signed statement from the attending veterinarian that the horse has been vaccinated against the following:

Within 6 months (180 days) of each show: Equine Influenza (EIV)

Within 6 months (180 days) of each show: Rhinopneumonitis (EHV-1 and EHV-4)

If a vaccination will expire during one of the shows, the horse must receive its new vaccination prior to being issued a competition number for that show. Statement of vaccination must be on Official veterinary Letterhead and must contain the Show Name of each horse.

If the vaccine has been administered by a person other than a veterinarian, the exhibitor must provide, upon request, a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; the name, serial number, and expiration date of the vaccine; and the date of the vaccine administration.

2) INTERSTATE OR INTRASTATE HEALTH CERTIFICATE (CVI)

Required

This document must be submitted prior to the arrival of the horse to the showgrounds. It must be an official state CVI and must indicate the horse's registered (show) name, and be signed by an accredited USDA veterinarian within 5 days of arrival.

The CVI must include the following statements:

- 1) "I have examined the animal(s) represented on this Certificate of Veterinary Inspection and have found no clinical signs of vesicular stomatitis and they have not originated from premises under quarantine for vesicular stomatitis."
- 2) "I declare that the animal(s) represented on this Certificate of Veterinary Inspection are not demonstrating any signs of EHV-1, have not had any exposure to EHV-1 in the past 21 days, and are not coming from premises with known cases of EHV-1."

3) USEF DECLARATION OF HEALTH

Via a signed statement by owner/trainer for each horse declaring that:

- a) Horse has not had a fever above 101.5 or (101.1) if the horse is taking NSAIDs or any other fever suppressing treatment drug during the last 72 hours.
- b) Horse has not been exposed to or treated for a fever of unknown origin within the last 28 days
- c) Horse has received a negative EHV-1 test within the last 30 days if it had previously tested positive during the past 6 months

Visit deserthorsepark.com for the most up-to-date requirements.

for 2026**

Membership Requirements for USEF-licensed/USDF-recognized Competitions: Owners and riders, including foreign riders and owners who are not residents of the US, wishing to participate in a USEF-licensed/USDF-recognized competition as a rider or owner/lessee, must have either a USDF Group Membership (GM), Participating Membership (PM), or have a USDF Non-Member (NM) identification number and pay the USDF Non-Member (NM) fee. (Note: USDF Business Members can own horses but cannot compete as riders with their USDF Business Membership.)

Also exempt are horses ridden in leadline, exhibitions, games and races, classes for 4-H members, walk-trot, academy, and opportunity classes.
- Riders and owners/lessees competing only in classes which are exempt from the USDF HID requirements are also exempt from the USDF NM identification number and NM fee requirements. Also exempt are handlers of horses competing in DSHB In-Hand or Group classes.

Memberships Defined

Participating Membership (PM): A membership issued to an individual directly by USDF. The membership year is December 1 through November 30. PMs are available for 1-year (\$100), 5-years (\$400), or life (\$2,000). A USDF Youth Participating Membership (YPM) is available for individuals who have not reached their 21st birthday by December 1 of the current membership year (\$80). A PM allows the member to compete at USEF-licensed/USDF-recognized competitions and to participate as a rider and/or owner/lessee for all Adequan®/USDF Year-End Awards and the Great American Insurance Group/USDF Regional Dressage Championship program.

Group Membership (GM): A membership issued to an individual by USDF when the member name and dues are submitted to USDF through an affiliate Group Member Organization (GMO). The GM year begins December 1 and ends November 30. A GM allows the member to compete at USEF-licensed/USDF-recognized competitions and participate in the USDF Rider Awards Program.

Business Membership (BM): A membership that runs December 1 through November 30 and is issued to a business or organization directly by USDF. The USDF BM (\$280) offers a wider variety of advertising benefits. BMs satisfy requirements of horse ownership only.

Non-Member (NM) Identification Number: For each USDF NM owner/lessee and USDF NM rider there will be a USDF NM fee of \$55 per competition that must be collected by the show secretary and submitted to USDF, along with the USDF Report of Fees document and the \$5 affidavit fee and Competition Affidavit Form if the person cannot provide a copy of their USDF NM card. Owners/lessees or riders exempt from the NM number requirements are also exempt from paying the USDF NM fee. If there are multiple owners of a horse and all are NMs, only one of the owners must pay the NM fee. If the horse has at least one owner who is a current USDF PM, GM, or BM there is no NM fee assessed. Competition management will be invoiced for all applicable USDF NM fees not received with the USDF post-competition paperwork, along with a report listing all USDF NMs. Competition management is then required to submit the NM fees within 30 days to the USDF. An individual with a USDF NM identification number is not eligible for any USDF membership benefits. Once a USDF NM number has been assigned, a USDF NM card can be obtained from the USDF website.

Horse Identification (HID) Number: A one-time tracking number for horses (\$45). Scores earned by a horse with an HID number will be recorded but will NOT be counted towards Adequan®/USDF Year-End Awards. A horse with an HID number is not eligible to compete in Great American Insurance Group/USDF Regional qualifying or championship classes. An HID number can be upgraded to a Lifetime Horse Registration (LHR) for a fee of \$95. If a horse has a USDF LHR it does not need an HID number. An HID number is a one-time fee that does not need to be renewed.

Lifetime Horse Registration (LHR): A horse with an LHR (\$140) is eligible for Adequan®/USDF Year-End Awards, and eligible to compete in Great American Insurance Group/USDF Regional qualifying and championship classes, assuming requirements for the owner and rider are met. If a horse has an LHR it does not need an HID number. An LHR does not need to be renewed.

UNITED STATES DRESSAGE FEDERATION™

Regional Adult Amateur Equitation Program

USDF Horse Welfare Statement

As those engaged in equestrian sport, we are committed to ensuring our horses receive the best possible care to the best of our ability. We acknowledge that we are the caretakers of our horses and as such we are committed to always, without exception, treating our horses with dignity, fairness, kindness, and understanding.

We realize that horses, whether in a herd or as an individual, will communicate contentment, fear, pain and confusion in the only way they can, which often takes the form of physical reactions that can be misinterpreted and misunderstood.

Therefore, we believe it is our obligation to seek to understand our horses with the goal of providing care and training methods that are never the manifestation of anger, frustration or cruelty. We are committed to these principles at all times, whether on or off the show grounds.

We are committed to humane treatment and application of these principles on behalf of all animals including but not limited to horses, donkeys, mules, companion animals, and pets. Lack of humane treatment, whether the result of actions taken, or by care withheld, will not be tolerated.
