**RELEASE, WAIVER, HOLD HARMLESS, ASSUMPTION OF RISK, DEFEND, AND INDEMNIFY AGREEMENT
FOR INFECTIOUS DISEASES INCLUDING COVID-19 RELATED LOSS AND BIOSECURITY ARRIVAL**

WARNING: IMPORTANT NOTICE

BY SIGNING THIS AGREEMENT, YOU ARE GIVING UP CERTAIN LEGAL RIGHTS, INCLUDING THE RIGHT TO RECOVER DAMAGES IN CASE OF ILLNESS, INJURY, OR DEATH (collectively "Loss") ARISING OUT OF YOUR PRESENCE AT THE FACILITY (defined below) SPECIFICALLY RELATED TO COVID-19 OR ANY OF ITS MUTATIONS, FORMS, DERIVATIVES, OR OTHER INFECTIOUS DISEASES (collectively "COVID-19").

I, the undersigned, hereby enter into this Release, Waiver, Hold Harmless, Assumption of Risk, Defend, and Indemnify Agreement for Infectious Diseases Including COVID-19 Related Loss (this "**Agreement**") in consideration of my, and my minor child if applicable (collectively "**I**", "**me**", or "**my**"), ability and permission to access, utilize, occupy, visit, attend, or otherwise be present on Released Parties' (defined below) property (the "**Facility**") during and after the COVID-19 pandemic, for any reason, whether or not related to equines or equine activities.

1. Risk of Loss/Protective Measures/No Guarantee: By signing this Agreement, I hereby acknowledge that I have familiarized myself with the risk of Loss accessing, utilizing, occupying, visiting, attending, or otherwise being at the Facility (collectively "**Using**") for any reason and the current protective measures at the Facility intended to minimize my risk of exposure to COVID-19. I agree the protective measures are satisfactory and sufficient for me to accept and assume the risk of my COVID-19 exposure resulting from Using the Facility occupied by other individuals. I understand and agree that Released Parties (as defined below) cannot guarantee: (a) the protective measures can or will prevent my exposure to COVID-19; (b) will be complied with by all individuals at the Facility; or (c) that others will not act in a negligent manner that may contribute to my Loss or contraction of COVID-19. I agree to fully comply with all protective measures required by the Facility as they now exist or may be revised from time-to-time as posted on the property or available on www.deserthorsepark.com. I accept full responsibility for my own safety and the sanitization of myself and personal property I contact at the Facility. If I am a parent or legal guardian of a minor individual, I consent to the minor Using the Facility and agree to remain responsible for the minor's Loss and compliance with all required protective measures.

2. Medical Attention/Disclosure: I understand and agree that engaging in equine activities or merely Using the Facility exposes me to inherent risks of personal injury that may require medical attention including, but not limited to, first aid and/or emergency medical care. I therefore consent to personal contact by Released Parties and/or medical personnel deemed necessary for providing for my care at the Facility and/or the hospital, even at the risk of my COVID-19 exposure. I agree to hold Released Parties harmless for such medical attention and any Loss directly or indirectly resulting therefrom. I agree that in the event I am diagnosed as infected with COVID-19, I authorize medical personnel to provide Released Parties information regarding my Loss and treatment for contact tracing or any other purpose.

3. Release/Hold Harmless/Defend/Indemnify: I agree to release, hold harmless, defend, and indemnify Coachella Horse Park LLC, doing business as Desert International Horse Park, CHP Land Company LLC, CHP Show Management Company LLC, doing business as Apex Equisport, and each of their respective parent, affiliate and subsidiary companies, agents, successors, assigns, employees, volunteers, contractors, representatives, assistants, sponsors, members, managers, shareholders, officers, directors, owners, trustees, licensees, invitees, related entities, as well as any other person or entity acting on their behalf or in any manner connected with the ownership and management of the above listed parties (collectively "**Released Parties**") from and against any liability, attorneys' fees, costs, or other Loss I may incur arising out of or in any way connected with my exposure to or contraction of COVID-19 as a direct or indirect result of my Using the Facility whether by my negligence or the negligence or other wrong doing of Released Parties (other than gross negligence or recklessness). I acknowledge that I hereby waive on my behalf and on behalf of my heirs and assigns, and fully understand the effect of such waiver, all benefits flowing from any state statute that would otherwise limit the scope of this Agreement release, including but not limited to **Section 1542 of the California Civil Code**, which provides: "A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party."

4. Bound Parties/Governing Law/Jury/Expiration/Time Limit/Severability/Modification: I understand and agree this Agreement is binding on my spouse, partner, family, minor child, heirs, agents, trustees, beneficiaries, representatives, relatives, successors, and assigns, and I agree to all the terms and conditions of this Agreement on my own behalf and on behalf of my minor for purposes of permitting our Using the Facility. For any claims or disputes (collectively "**Claims**") relating to the interpretation or enforcement of this Agreement, I agree California law applies, must be resolved by the Los Angeles county, California state court, and I waive my right to a jury trial. I agree that this Agreement does not expire and that any surviving Claims must be brought within one (1) year of the date accrued. If any provision of this Agreement is deemed invalid or unenforceable, the remaining provisions shall be valid and enforceable to the fullest extent of the law. This Agreement can only be modified in writing signed by myself and Coachella Horse Park LLC's manager, President, or Chief Executive Officer.

After 24 hours, any horses not meeting documentation requirements must leave the Horse Park.**

PART II: Requirements for Monitoring Horses at the Horse Park

2. Monitoring Your Horses While at the Horse Park

a. INITIAL MONITORING REQUESTED DURING ARRIVAL AT THE HORSE SHOW

- i. Temperature checks for horses will not be conducted upon arrival at the front gate of the Horse Park. Additionally, 3-day temperature logs are not required to be presented at the front gate. However, in the event of an elevated disease risk, management may require temperature checks upon entry and the maintenance of temperature logs.
- ii. Once a horse is settled in, a first temperature check should occur before leaving the stall for initial work. This initial check should occur within 3 to 6 hours of arrival.
- iii. If an initial temperature check reveals a fever (defined as 101.5°F if the horse is not on an NSAID or 101.1°F if the horse is on an NSAID or other temperature-suppressing medication), then DHIP should be notified, and the horse should remain in the stall until the show veterinarian or the biosecurity officer takes a subsequent temperature.
- iv. The show vet and biosecurity officer must be informed of the initial elevated temperature by a USEF mandatory fever reporting rule effective December 1, 2024. Non-compliance would be a violation of this USEF rule.
 1. DIHP reserves the right to isolate and/or test any horse with a fever and/or clinical signs for EHV-1 or any other infectious diseases at the owner's expense. Individuals who fail to isolate and or test when requested may be required to leave the event grounds.
 2. DIHP may require a test for EHV-1 after the first or second temperature check based on the clinical presentation and epidemiologic risk assessment.

b. DAILY MONITORING OF HORSES DURING THE HORSE SHOW

- i. Twice daily temperature checks, morning and evening, are requested during the horse's stay at the horse park.
- ii. Trainers/owners are required by the USEF mandatory reporting rule to notify the show vet and the show office of a horse with an elevated temperature per a new mandatory USEF rule (defined as 101.5°F if the horse is not on an NSAID, or 101.0°F if the horse is on an NSAID or other temperature-suppressing medication). If a horse has an elevated temperature, it must stay in its assigned stall. If the horse has no other clinical signs, it may be allowed to remain in its stall, and a temperature will be taken 4-6 hours later. If the horse remains febrile (exhibiting an elevated temperature as described above) or shows signs of infectious disease, the show veterinarian or biosecurity officer must be notified immediately.
- iii. DIHP reserves the right to require isolation, within a timely manner (less than 2 hrs), and to require testing of any horse with a fever and/or clinical signs for EHV-1 and other infectious diseases.
 1. At any time, if the DIHP show veterinarian, the biosecurity veterinarian, and/or competition management deems that a febrile horse may pose an infectious disease risk, the horse shall be moved to isolation to protect the health of the horse and the general health of the equine population on the competition grounds.
- iv. If the trainer and/or owner refuses to send the horse to DIHP isolation, the horse and its cohorts may be asked to leave the competition grounds immediately by DIHP management. Failure to abide by these rules will be cause for referral to USEF for enforcement.

- v. Horses in isolation will be released from isolation based on a collective decision of the DIHP show management, the biosecurity veterinarian, the East-West Veterinary Group, and USEF. Decisions will be based on the horses' diagnostic test results, the absence of abnormal clinical signs, and epidemiologic risk assessment.
- vi. During the next seven (7) days, the show vet or horse show biosecurity officer will oversee the temperature check of all horses in the trainer's cohort to ensure no additional fevers develop. If additional horses are febrile or displaying clinical signs of infectious disease, these horses may be required to report to the isolation area or may request permission to leave the premises for isolation.

PART III: Desert International Horse Park Biosecurity Practices

3. Biosecurity Practices During the Horse Show

a. Overall Biosecurity Practices

- i. A nighttime curfew will be in place each evening at 9:00 p.m. Noise must be kept to a minimum in the barn/tent area, and unnecessary lights will be turned off.
- ii. The Horse Park will maintain hand sanitizing stations at each barn/tent entry and ringside. All individuals working with horses are encouraged to clean their hands as frequently as possible.
- iii. To the best extent possible, tack, rider clothing, horse tools/rags, etc., should be dedicated to a unique horse and not shared across horses.
- iv. Grooms, riders, and trainers should maintain a safe distance between horses throughout the property and avoid sharing items such as rags and buckets between horses.
- v. The Horse Park will regularly clean and disinfect common areas, including wash racks, shade structures, and hoses.
- vi. Signage will be located throughout the Horse Park detailing best practices and required protocols.
- vii. DIHP will also perform vector control throughout the barns, tents, and other populated areas.

b. Biosecurity Practices Across Trainer Cohorts

- i. Access to each barn/tent should be limited to individuals with horses in the respective barn/tent.
- ii. Grooms, trainers, and riders should take every precaution to avoid contamination across trainer groups. This includes not sharing any tack, cleaning material, brushes, etc., even when it's the "nice" thing to do.
- iii. When crossing trainer groups, grooms/trainers/riders are encouraged to change clothes and practice basic cleaning procedures, such as washing and/or disinfecting their hands, boots, and other equipment.

c. Biosecurity Practices at the Ring and/or Other Common Areas

- i. Grooms/riders/trainers should keep space between horses.
- ii. Extreme caution should be taken by those handling/riding horses to avoid contamination between horses. Tack should not be shared across horses. Riders transitioning from one horse to another should wash their hands with soap and water or use a disinfectant. Materials used to care for horses, e.g., towels or rags for wiping noses, should not be shared between horses.
- iii. Cleaning/sanitizing stations will be located throughout the competition area for grooms/trainers/riders to use.

d. Biosecurity Practices for Third-Party Providers (including vets, grooms, farriers, braiders, night check, equine spa service, horse exerciser, etc.)

- i. All third-party providers operating within the Horse Park are required to disinfect their tools and work areas before moving between barns, tents, and trainer groups.

- ii. Braiders, vets, farriers, and night checkers are required to clean and disinfect their hands, clothing, and shoes between horses.
- iii. Night check is requested to disinfect their shoes between barns/tents and use PPE if working with an individual horse.
- iv. Equine spa service vendors must sanitize spas after each usage, have separate handling equipment for each horse, and require spa employees to sanitize their hands, clothing, and shoes between horses.
- v. The IDA horse walker will be available for use by trainers/horses on the property. Only horses from the same barn may use the horse walker at the same time. IDA is required to disinfect the horse walker when subsequent horses are from a different barn..
- vi. All third-party providers shall maintain a list of horses worked on, which must be provided to management or state officials upon request in the event of an infectious disease incursion.
- e. **Biosecurity Practices at Vet and Farrier Stations**
 - i. Cleaning stations will be set up at the vet clinic and the farrier station.
 - ii. Vets and farriers are required to clean and disinfect (including shoes) between horses.
 - iii. The Horse Park will regularly clean and disinfect the vet clinic and farrier station using a long-term disinfectant.
- f. **Rules for FEI**
 - i. Standard [FEI protocols](#) for FEI competing horses must be followed, in addition to adherence to DIHP protocols.

PART IV: Procedures in the Event of a Positive EHV-1/EHM Horse(s)

4. What Happens If a Horse Tests Positive for EHV-1?

- a. **If a febrile horse tests positive for EHV-1 on a rapid test, it will be immediately moved to an isolation barn within 2 hours or less. A confirmatory PCR test will be conducted, and the horse will remain in isolation while awaiting these results. Additional testing for EHV-1 and a detailed treatment plan will be provided based on a collective decision of DIHP management, the biosecurity veterinarian, USEF, and the East-West Veterinary Group.**
 - i. **No horse in isolation will be permitted to compete. An exercise plan for an isolated horse will be set forth by the show veterinarian and/or biosecurity veterinarian.**
- b. **At a minimum, an EHV-1-positive horse must remain in isolation until it has been afebrile for 72 hours without any antipyretic medications and has had two validated/confirmed negative tests for EHV-1.**
 - i. **If the horse becomes febrile again, it will remain isolated until it has reached the 72-hour afebrile rule and the two validated/confirmed test rule has been satisfied.**
 - ii. **Once this has occurred, the horse will be returned to its stall and is free to resume exercise and competition at the discretion of the horse owner/trainer/veterinarian.**
- c. **The trainer/owner of a horse testing positive for EHV-1 may elect to have the horse undergo isolation at home, subject to adherence to recommended guidelines from the show veterinarian and the biosecurity officer.**
- d. **Horses testing positive for EHV-1 may be encouraged to begin antiviral treatment and zinc/lysine supplementation to reduce their risk of developing EHM based on discussions with the biosecurity officer and the East-West Veterinary group.**

- e. Additional biosecurity protocols will be implemented for the cohort (barn/tent) of the EHV-1 positive horse. Twice-daily temperature logs will be monitored by the show veterinarian and/or the show biosecurity officer for a period of seven (7) days. Access to the cohort (barn/tent) may be limited and enforced by the Horse Park. Foot baths and additional stall disinfectant applications may be used at the discretion of the Horse Park. These precautions may remain in place for up to seven (7) days, assuming no additional febrile horses are identified.
- f. Asymptomatic horses within the cohort will be free to exercise and compete during this period as long as their temperatures remain less than 101°F before they leave their stalls. Based on epidemiologic risk assessment, additional restrictions and testing may be required for the cohort population.
- g. Should additional horses from the cohort become febrile, they will be tested for EHV-1 at their stalls, and a Fluxergy rapid test will be performed. If the horses test negative, those with an elevated temperature may be required to report to isolation, based on a collective decision by DIHP management, the biosecurity officer, USEF, and the East-West Veterinary Group.
- h. Should a second horse in a cohort test positive for EHV-1, the entire cohort will be under Horse Park quarantine for seven (days) after the positive horses have cleared isolation and no other horses in the cohort are febrile or are showing clinical signs. All horses in the cohort will be required to stay in their stalls and adhere to a restricted exercise plan.
 - i. Positive horses will be relocated to a designated isolation area on a case-by-case basis.
 - ii. Horses will be monitored until no additional fevers have been identified and all positive EHV-1 horses from that cohort have been cleared. During this time, the Horse Park will conduct additional monitoring of the barn/tent.
- i. The Horse Park's quarantine isolation procedures include fencing around the barn/tent, security personnel, and limited access.
- j. Exercise arrangements for horses in isolation or exposed barns may be limited and will be made at the discretion of the Horse Park. Horse health and welfare will be the priority in managing the isolated and exposed horses.

5. What Happens if We Have a Case of EHM?

- a. If a febrile horse (or one positive for EHV-1) exhibits additional clinical signs consistent with EHM, the horse will be immediately moved to an isolation tent, and the USEF and CDFA will be notified. The horse will undergo a rapid EHV-1 test. Should the horse test negative, it will remain in isolation until a confirmatory PCR test is performed 48 hours later by the CDFA lab.
- b. During this time, the show barn/tent will be placed under precautionary biosecurity protocols, including foot baths, vet-monitored temperature checks, and further limited access.
- c. If the neurologic horse tests positive for EHV-1, the CDFA will assume responsibility for quarantine and other protocols until the Horse Park is officially released from state quarantine and restrictions..

6. What Happens if a Horse Shows Signs of Vesicular Stomatitis (VS) or Screwworm Disease?

- a. Screwworm and Vesicular Stomatitis are regulatory diseases and, as such, have required protocols designated by state and federal animal health officials.
- b. The affected horse will be immediately moved to our isolation area, and all cohorts will be examined for similar lesions. The CDFA and USEF will be notified, and the affected horse will be tested for VSV or treated for screwworm infestation. All further actions taken by DIHP will be determined upon consultation with the CDFA and USEF.

Part V: Working Together to Keep Horses Safe to Keep Horses Safe

7. DIHP – Our Part

- a. The DIHP has hired a biosecurity officer who is a licensed veterinarian. Importantly, our biosecurity officer is not on the grounds to treat horses. The show vet, East-West Equine Sports Medicine, is responsible, along with your vet, for treating your horses. The biosecurity officer will guide the implementation of protocols, obtain feedback, and assist when needed, ensuring that all involved, from Horse Park staff to participants, adhere to the necessary daily measures to maintain the health and well-being of all horses on Horse Park grounds.
- b. We will ensure the Horse Park is regularly cleaned and sanitized, especially in high-traffic areas. Whenever the occupant of a stall changes, we will repeat the disinfecting process. You can be assured they are as clean as we can make them. Please let us know if you find something that is not clean or if you have concerns.
- c. We will implement rigorous vector management controls to mitigate the risks posed by flies, gnats, and other pests.
- d. We will ensure we are prepared if a horse contracts EHV-1. We have learned a great deal about best practices for treating horses and are confident that our veterinary partners at East-West Sports Medicine are well-trained and prepared. We'll support them and ensure that all the supplies and medicine needed are on the grounds for immediate use.
- e. DIHP will report all horses entering isolation to the USEF as required. All EHV-1 positive cases will be reported to USEF, and all instances of EHM will be reported to both USEF and CDFA.
- f. DIHP will ONLY provide general press releases regarding EHV-1/infectious diseases onsite if:
 1. There is evidence of disease agent spread to one or more trainer cohorts on the venue grounds. A single isolated case of an infectious disease will not generate a press release.
 2. A partial/entire show barn has been quarantined for a contagious disease.
 3. Epidemiologic investigation deems a high risk of disease transmission onsite or a high risk of disease incursion due to the presence of the disease agent in the geographic area.
- g. Any decision to limit, postpone, or cancel a competition, as well as subsequent decisions to resume competition, will be made in consultation with the USEF and CDFA.

8. Participants – Your Part

- a. If you suspect a horse with an elevated temperature may be sick, **do not** bring it to the Horse Park until things are resolved. If your horse becomes ill at the Horse Park, please immediately notify the show veterinarian, biosecurity officer, and competition management, as required by USEF. The single most important thing that can be done is to isolate sick horses as soon as possible and provide them with appropriate care. It is good for the horse and good for all the other horses as well. The Horse Park staff are here to assist you.
- b. While at the Horse Park, practice common sense and good hygiene protocols, as well as follow DIHP biosecurity protocols, which are in place to ensure the health and welfare of all horses on the premises.

Desert International Horse Park

Each judge on the panel must be either a USEF “R” or USEF “r” judge. Each panel will provide one (1) score for each round. See “E” for calculating the Overall Score.
- B. No judge or panel may award the same base score to any two (2) competitors in any one round unless a competitor’s score is below the cut-off score. A numerical score must be given and may be a duplicate score if it is under the cut-off.
- C. The first round shall be judged on performance, hunter pace, jumping style, quality and substance, and movement. After the judge(s) base score is given, one (1) point will be added for each high option fence jumped. The Option Bonus Score of one additional point must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence. (Maximum of four points.)
- D. The second round shall be judged on performance, hunter pace, jumping style, quality and substance, movement, handiness and brilliance of pace. Handiness is defined as ground saving movement without adversely affecting performance or style. Brilliance of pace is defined as a faster pace than ordinary, without sacrificing performance or style. **Handiness is taken into account in the judges’ base score.** After the judge(s)’ base score is given, one (1) point will be added for each high option fence jumped. The Option Bonus Score of one additional point must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence. (Maximum of four points.)

E. Overall Score - The final score from each round will be added to obtain the overall total for each horse.

F. Hunt and Go

Alternatively, the Hunt and Go option may be utilized in lieu of the traditional format. The Hunt and Go format will consist of two (2) phases, one (1) Classic Hunter and one (1) Handy Hunter. The phases will be jumped consecutively. All participants will complete both the Classic and the Handy portions even if penalties (rails, refusals, etc.) are incurred. Major penalties (falls, 3 refusals, off course, etc.) will be combined from the Classic and Handy rounds and will result in elimination. (i.e. a horse who has two refusals in the Classic Round will be eliminated after one refusal in the proceeding Handy Round.)

1. Standard Hunt and Go Format

- a. The Classic Hunter Round, consisting of **five to seven (5-7) fences with two (2) high options**, shall be judged on quality, movement, jumping style, manners and way of going.
- b. After the completion of the classic round horses will pick up their pace and pass through a set of markers to begin their handy portion of the class. The Handy Hunter Round, consisting of **five to seven (5-7) with two (2) high options**, shall be judged on quality, movement, jumping style, manners and way of going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.
- c. **If using one (1) judge**, that judge will provide a single score for each phase, in addition to the Bonus points of one point per high option jump that will be added to the judge's score. The scores from each phase will be added together to determine the total score and placement.
- d. **If using two (2) judges**, each judge will be designated either the Classic Hunter Phase or the Handy Hunter Phase. Each will provide a single score for their designated phase, in addition to the Bonus points of one point per high option jump that will be added to each judging's score. The scores from each judge will be added together to determine the total score and placement.
- e. A judging assistant may be present during all phases of the competition. The duties of the judging assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The judging assistant is not required to be a licensed official and is not responsible for the scoring of the judging panels. A competition staff member may fill this role.
- f. The Option Bonus Score of one (1) additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse- and-rider combination does jump the higher height option fence.

THE ICON, REIMAGINED.

In the fall of 2024, the Pete Dye Stadium Course returned to glory and the national spotlight following a meticulous restoration to recapture its original distinction. This magnificent revival was spearheaded by celebrated architect Tim Liddy, who collaborated with Pete Dye for nearly three decades. The restoration expanded the greens, introduced superior playing surfaces, refined bunker slopes and faces, and opened visual corridors throughout the course. Come experience its brilliance for yourself.

LOOKING FOR A PLACE WHERE THE GRASS IS ALWAYS GREENER? JOIN THE CLUB.

For his only course in the desert, Andalusia gave the legendary golf architect Rees Jones expansive wide-open spaces with homes set luxuriously back from the fairways. The result is spellbinding — where the course and amenities enjoy the most dramatic mountain vistas in the desert. It's where you can discover how choosing the right club changes everything.

WHAT IS URYADI'S VILLAGE?

Uryadi's Village is a village for orphaned and vulnerable children in Soddo Ethiopia. The village is named in honor of SF Uryadi, Jennifer Fill-Crooks's long term partner in the Grand Prix ring. Uryadi's Village is a dynamic organization that recognizes the importance of holistic family style care for our children, a solid partnership with the local community, sustainable food and farming practices, and has a deeply heart felt focus on children who need specialized care.

Uryadi's Village has been recognized as one of the most impactful organizations in our region. The village is currently home to 99 children, and has gained the support of the local government who have asked us to expand our village so we can open our doors to more children who have nowhere else to go. We are still working towards completing this expansion, and your support would be a huge help in this endeavor.
